## AN UNCONVENTIONAL ACRYLIC ART ADVENTURE

with *Teresa Myndt*

This fun-filled acrylic art workshop will encourage artists of all skill levels to unleash their creativity through a series of doodling, glazing, intuitive painting, and negative painting experiments. Participants will work on a number of canvases simultaneously, and can expect to complete at least one work of art by the end of the workshop.

If you are a painter lacking inspiration and are looking for new and exciting ways to break through your creative barriers, this workshop is for you. Create imaginative, colourful artworks without relying on photographic reference material or traditional painting methods.
